THE SURFACE OF THE PENN RELAYS

This 15mm, impermeable full PUR system features 3 specialised layers, with a durable wear layer and a unique micro-foam force reduction layer.

HIGHLIGHTS

- ▶ World Athletics Certified System
- ▶ Unique polyurethane micro-foam reduces impact and returns energy to the athlete
- ▶ Formulated to resist UV degradation in the world's harshest climates
- ▶ Top wear layer is poured-in-place and embedded to a seamless, predictable surface that resists spikes
- ▶ Globally recognised as the "Fast Tracks" since 1969

COLOURS

Additional & Special Colours are available on request.
